III.: Please answer 3 questions!!!

38. Lenin wrote, "Freedom in capitalist society always remains about the same as it was in the ancient Greek republics: freedom for the slave-owners." What does this comment mean? What are the foundations of Lenin's philosophy? How did it differ from that of Marx?

How did World War I enter into Lenin's career and his philosophy?

39. Would the experiences of World War I soldiers be representative of all soldiers in all wars? Was there something unique about the experiences of these soldiers? What would their experiences say about warfare in the twentieth century?
40. Imagine that you are a common soldier at a World War I battle such as Verdun or the Somme. What obstacles would you have faced? Why wouldn't your offensive assaults work?
41. What were the fundamental mistakes of the negotiators at Paris who drew up the Treaty of Versailles? Were they doomed from the start? Was World War II inevitable?
42. Discuss the factors that led to the outbreak of World War I. What role did the alliance system play in this process? What role did nationalism and imperialism play in the road to World War I?
43. Examine the role that the United States played in World War I. Why did the United States enter the war in the first place? How was the United States affected by the war? How did the United States shape the end of the war?
44. Examine the concept of total war. How was World War I different from earlier wars? How important was the home front?
45. What role did women play in World War I? What effect would their contribution to the war effort have on their lives both during and after the war? How does this effect relate to concepts such as total war and the home front?
